Article I. Basis of Conduct and Discipline

The University of the Philippines Diliman promulgates these rules to cultivate values and encourage virtues that make the Filipino proud. These values aim to strengthen character and nurture a community of scholars by upholding honor and inspiring excellence, which mark and distinguish UP education.

Ideally, while virtue cannot be legislated, the character that may be strengthened has dimensions of concern for others, a degree of selflessness, the pursuit of learning and wisdom, a sense of justice and fairness, the courage to stand for moral principles, and the encouragement of an environment where persons can flourish.

The University respects and upholds the students' right of association. The University supports student organizations and activities as initiatives of students to show their capacity for autonomous governance and leadership. It recognizes and promotes this training as preparation for their role in the governance of our nation with accountability, humility and love of country.

This Code is neither intended to restrict nor unnecessarily limit student activities but rather to provide the institutional parameters within which student activities can flourish. Certain primary institutional or social benefits are generated by the due observation of these parameters, among which are conviviality and security, the promotion of valuable initiatives, social cooperation and collective welfare.

The University has exclusive jurisdiction over matters of student misconduct. The University has the right to define standards and norms of proper conduct of students, and therefore considers departures from said standards as acts of misconduct and as violations of this Code.

The University prescribes the procedure for cases of student discipline, duly recognizing the rights of students to due process. The disciplinary proceedings are administrative in nature, not open to the public, and the Rules of Court shall not apply.

The faculty has the right to define standards of intellectual honesty on students, and exact norms of academic scholarship. The faculty considers acts of intellectual dishonesty as violations of academic integrity.
Article II. Applicability

This Code shall apply to UP Diliman and all its programs.

Article III. Definitions

For purposes of this Code, the following terms shall be defined thus:

1. Academic activity — any activity that involves academics such as, but not limited to, classes, tutorials, seminars, conferences, lectures, examinations, fulfillment of academic requirements and others.

2. Academic year — as determined by the University.

3. Actual damages — as defined by law.

4. Admonition/reprimand — a written or oral, formal reproof.

5. Alternative Dispute Resolution (ADR) — any process to amicably settle a dispute involving less serious misconduct by which the dispute is resolved by the parties themselves with the assistance of a neutral third party, which includes mediation and conciliation.

6. Apology — a signed and accepted written expression of contrition or remorse for wrong done.

7. Clearance — a written certification from the University that the student is cleared of all accountabilities.

Formula to convert suspension to community service:

Using fifteen (15) units as the minimum full load, fifteen (15) hours per week of community service will be deemed equivalent to a suspension of one (1) week. For example, a two-week suspension may be converted into thirty (30) hours of community service. Community service may be rendered within a period that is
